Mrs. Lavezzi's class

We finally have a normal week! This week we will learn about the letter F and number 5 along with pumpkins. In Second Steps we will continue talking about recognizing feelings in others, moving on to surprised and scared. Our Bible Story for the week will be Hanah praying for a son and Samuel.

Mrs. Burns class

In Bible Time this week we learn more about how God cared for the Israelites in the desert after leaving Egypt. Last Friday I did not send their school work home as I want to use some of their samples for our parent teacher conferences later in the month. Group C will have show n tell with something about Fall. We will resume spelling units. Math topics include clocks, ten friends, pairs, place value, fractions and weight. In English we have started prepositional phrases. We will learn more about pumpkins this week after our wonderful field trip last Friday. **Memory - I believe in God the Father Almighty, maker of Heaven and Earth. 2nd - What does this mean? I believe that God has made me and all creatures. He has given me my body and soul, eyes, ears and all my members.**

Mrs. Jackson's class

Grades 3-7 have so many fun things happening. We look forward to our field trip on Thursday, October 27. We are planning a trip to the Lewis and Clark historic site in Hartford, IL. If you have not yet returned your child's permission slip or money, please send these in tomorrow. The cost is \$3.50 for anyone going (child or adult). We could still use one more driver as of the writing of this entry. Thank you so much for all you do as parents to make these fun days happen.

Also, students are working on a cereal box mystery book project in reading. We are in need of a few more cereal boxes. Please send them into Mrs. Jackson's classroom.

Students in 6-7 are wrapping up their Island of the Blue Dolphins novel. They will move on to their mystery choice next. Students in grades 3-5 have begun their mystery books in reading. In language arts, we take our test on Tuesday. The rest of the week our focus is creative writing and 3 point paragraphs.

Grades 3-4-5 complete unit 9 in spelling, and they will have their test on Friday. We complete math lessons 32-35 this week. Students have a math test on Tuesday. In social studies, grades 6-7 are comparing and contrasting the different colonies. Grades 3-5 are

observing the competition between the different European colonies and the Native Americans. Half of the class will write a story from the perspective of a European colonist, while half of the class will write a story from the perspective of a Native American. We will share and compare our stories. Students are finishing their painting of houses on a cool, autumn night. We look forward to this busy week.
