February 2026

Dear St. Peter's,

In his recent presentation to us, Pastor Curtis made sure to make one point clear to explain the position of the Church: If you were born in the 1950's and before, you likely grew up with a positive view of the Church. But as the years went on, the view shifted to a more mixed or neutral view – it didn't change most people's view of you whether you went to Church or not, and everything associated with Christianity had lost much of its value. That shift has continued, and at this point, being a church-going, committed, Bible-believing Christian is seen as an overall negative to the general public. This is the primary reason why so few younger people are in Church in comparison to years past: They are taught by the world around them that it's a bad thing, that Christians are bigots, clergy are abusers, that the Bible is a book of fairy tales and backwards-thinking. This is what we're up against.

First, let us all appreciate the fact that anyone is willing to show their face at a church at all, especially those who grew up in households where it was considered unimportant or even evil. That influence does not just go away on its own, even when one becomes a Christian. Consider this a call to action: We must focus on discipleship, that is, centering Church life around building up believers into stronger, more faithful Christians. This is not just for the new, but for all: unless you grew up in a monastery, none of us are outside of that worldly influence.

Second, and just as important, we take Pastor Curtis' advice to be a church that people want to be a part of simply by being faithful Christians. We don't need gimmicks: We take care of our own. What we do, we do together. Learn to cherish what all we have, most importantly, the Word of God. From this gift, we get our togetherness, as that is the one thing that truly unites us, as well as our heritage we get from being in a long line of God's people trying to be faithful to His Word. If we delight in the Word, we'll love the Church and what it does, and people will see that. That's always been the way, as Christ commissioned us, we make disciples by "Baptizing them... And teaching them to observe all that I have commanded you."

And in this, He is with us, always, no matter what comes on us, until the very end.

Peace to you in Christ,

- Pastor LaMie

The meeting was called to order at 7pm and began with prayer by Pastor Lamie. The minutes from the October 8, 2025 meeting were read and approved. The treasurer's report presented in writing and discussed. Motion made by Amy Toenyes to approve and was seconded by Ron Isenberg. Report was approved along with Building Fund, Memorial Fund and Mission Fund. Pastor reported that, comparatively speaking, and based on our Congregation's size and location we are doing quite well. The CCLI license was paid. Hymn survey was successful. Bible study is going quite well also. He praised the church and school staff. School report-all is going smoothly. Lutheran Schools week is upcoming. Edlers reported that we will be recognizing and appointing the church office holders in the upcoming Sunday Service. Trustees reported that several repairs had been made on the organ and the annex furnace. Waiting on a part to complete the annex furnace repair. A bid came in by Wick's in Highland to repair the Organ for \$7,000. Jim Wiemers was going to look further into this bid. They had come to tune the organ in September. New business-the Church Office holder's ballot was reviewed by all and approved for 2026. Craig Eden of the Stewardship Board presented the 2026 Budget. Many questions were asked and answered during discussion. In order to meet the 2025 Budget, we had to use approximately \$90,000 of funds from the Argia Bertolino donation.
