Mrs. Lavezzi's class

Mrs. Burns class

We will be fast forwarding in our Bible Time from Adam and Eve to Noah this week and learning about God's promises.

Kindergarten will finish up letter G and begin letter H. Math topics we will cover are subtraction, AM vs PM, clocks, fewer, and angles. In science we will experiment with how seeds spread and watch to see if our seeds from last week germinate. In social studies we will work with the words "wants" and "needs." **Memory - All: The Third Commandment - Remember the Sabbath Day by keeping it holy. 2nd Grade - The Fourth Commandment - Honor your father and mother that it may go well with and you may live long on the earth.**

Mrs. Jackson's class

Grades 3-7 continue to amaze. They are working diligently in all areas of study. Students are also developing wonderful leadership skills.

This week will offer another great learning and growing opportunity. Students will write, edit, and publish 3 point paragraphs about Native Americans in early American times during language arts. Our class

will also learn to identify prepositions and prepositional phrases. In social studies, we wrap up our first chapter on Native Americans, complete geography packets, and share our presentations. Grades 3-7 will also complete lessons 11-13. On Friday, we enjoy playing math games, reviewing math facts, and learning/reviewing times tables. In reading, we complete our 3rd packet on our novel study. In art, we put the finishing touches on our birch tree paintings. Grades 3-4-5 will complete Spelling Unit 3 - words to study can be found written in their planners. We look forward to a fantastic week.
