*"Be kind and compassionate to one another, forgiving as Christ forgave you. Ephesians 4:32.*

## **Mrs. Lavezzi's class**

This week we will finish up apples and learn about letter D and number 3. In Second Steps we will learn about how to ask for what you need in a respectful way. Bible time will be about Jacob taking care of Joseph and giving him a beautiful colorful coat.

## **Mrs. Burns class**

In Bible Time this week we will learn about Joseph who was sold into slavery in order to become one of God's great leaders and an excellent example of forgiveness. Kindergarten will work with letter P and A. Math topics will include dividing, angles, doubling, money, half hour and thermometers. In English we will learn about singular and plural nouns. Our science habitat will be the desert, and in social studies we will think about jobs that make goods or provide services and think about what God has in store for our future. Group C will have Show-N-Tell on Wednesday with the topic being "Anything." **Memory: All - The Ninth Commandment - You shall not covet your neighbor's house. 2nd - The Tenth Commandment - You shall not covet your neighbor's wife, manservant, maidservant, ox,**

**donkey, or anything that belongs to your neighbor.**

## **Mrs. Jackson's class**

Grades 3-4-5 had a fantastic day at Metro East Lutheran High School. Although it was really hot, our young Raiders gave it their all! Thank you to the many parents who took the day to make these memories possible. Thank you also to those who came to sing on Sunday. It is such a privilege to share Jesus's love with our church family through song.

Our class looks forward to another week of learning, growing, and making memories. In language arts, we begin our 4th unit by learning to identify and properly use pronouns. Students in grades 3-4-5 complete their next spelling packet. As always, spelling words can be found written in planners, and the test is on Friday. Our class continues to work through their novel studies.

We are learning so many new vocabulary words, literary devices, character traits, and enjoying a good book through it all. In math, we complete lessons 22-26 this week. Students are also working on their multiplication tables. Grades 3-4-5 will learn about early explorers in social studies. Each student will use the computers to research an assigned explorer. They will present

their findings to the class the following week. Students in 6-7 will research Christopher Columbus.

They are writing a play to present to their younger classmates. We look forward to learning more about the Age of Exploration from our friends. Our class will say memory work this week. Memory is found written in the planner for the week. We will finish our beautiful fall tree drawings this week, and we can't wait to display them.

## **Students of the Week**

Genevieve Allen and Presley Green are our students of the week this week.

Evie likes to draw and dance. Her favorite book is Elsa and Anna Count. Her favorite place is the campground, and her favorite food is mac and cheese. When she grows up she wants to be a dancer.

Presley likes to eat snacks, swim and play. She is good at being nice, dancing and swimming. Her favorite book is PJ Mask. Her favorite place is the park, and her favorite food is oranges. When she grows up she wants to do makeup. God bless Evie and Presley!
